Ethan was 13 when he passed away. He was our oldest son and was becoming a good friend. He always had a big ol' smile on his face. He is dearly missed by his brother and his family. Ethan wanted his life to be a testimony for God and it certainly has been, even in death. He would be pleased to know that. We are so thankful for the people he was able to save when he donated his organs.

Ut wisis enim ad minim veniam,

The Brady Family. What words can express the gratitude we feel for extending our father's life? Joy? Hope? Love? Thank you. Each day is a celebration for us because a life that nearly slipped away was given back. Our father received a heart, but its beating resounds in all of us. So, thank you. To the man who shared his heart. And thank you to all of the families who make life possible for families like ours. God bless you.
